

IN THE SPECIFICATION:

Please amend the Specification as follows:

(a) Please replace the paragraph beginning on page 4, line 15, bridging into page 5, line 1, with the following paragraph:

-- As shown in FIG. 1, the electronic apparatus system comprises an electronic apparatus 1, such as a notebook personal computer, and a fuel cell unit 2 which can be installed on and removed from the back of the electronic apparatus 1. The fuel cell unit 2, which is a power supply unit for supplying power to operate the electronic apparatus 1, includes a DMFC that causes methanol supplied as fuel to react with oxygen to produce electric energy. Methanol, fuel for the DMFC, is supplied from a cartridge fuel tank 2211 detachably housed in the fuel cell unit 2. On the side of the fuel cell unit 2, there are provided LEDs ~~26a, 26b~~ 27a, 27b for notifying the user of the present operating state. --
